

2012 NFT Complete System

American Hydroponics

2012 NFT Complete System

The 2012 NFT Complete System is a huge step-up from the popular 612 Production unit. Not only is it a high-performance hydroponic system that features 576 plant sites and 576 nursery sites, it also comes with its own 3Tray propagation system and a NutriDose 1 Controller. Using the Nutrient Film Technique (NFT), the 2012 NFT Complete System is designed for commercial growers who are just getting started with hydroponics or taking a step to the next level. If you are ready to experience the future of commercial hydroponics this is the system for you. This system is ideal for growing: basil, cilantro, parsley, arugula, watercress, fancy lettuce, head lettuce, bak choy, mazuna, etc. System comes complete with EVERYTHING you need to get started.

Features:

- Thirty-Two 2"x4" finishing gullies constructed of FDA-approved, recycled HDPE plastic with 18 holes per gully (total of 576 plant sites)
- Eight 2"x4" nursery gully with 576 nursery plant sites which allows you to rotate new seedlings into the system using less room, giving you higher yields for the given space
- Freestanding galvanized steel table frame
- NutriDose 1 mk 2 Controller with Peristaltic Pumps
- Nutrient and pH stock tanks
- 3Tray Propagation System
- Commercial Truncheon Conductivity Meter for measuring nutrient levels
- Oakton pH Meter
- 150 gallon ABS reservoir
- (4) gallons of 10% pH Down
- All plumbing with an easy drain bypass
- Submersible pump
- 350 Basil Bags
- (6) Batches of 18 lbs of Nutrients
- 40 sheet's of 1" Oasis cubes (6,840 cubes)
- System carries a full two-year warranty, one-year pump.

This unit easily converts to a Nursery Gully system when you're ready to upgrade to a larger commercial system. A converted nursery 2012 system can produce up to 2,880 nursery plants, ready to be placed into your main NFT gullies. If additional gullies are purchased you can increase the number of nursery plant sites to 4,320.

In full production, with 6-week crop-turns, the 2012 NFT Complete System can produce 26 crop turns a year... 288 plants per week... 14,976 per year.
