Econo Systems are strong, quality built Ebb & Flow hydroponic gardens. For years growers have appreciated the ease of these systems. They are completely modular so expansion potential is limitless! Econo Systems come with the basics, you add your favorite media, pots and nutrients to make the system thrive!

Features:

- Bedding and reservoir trays are UV stabilized, vacuum formed ABS plastic (no seems, no cracking)
- Bottom of tray is specifically designed to prevent standing water, 30 gallon reservoir is designed to provide easy access
- Easy to assemble galvanized steel table frame with strong injection molded plastic corners (center supports included with two-tray systems)
- Submersible pump using energy efficient design and quiet operation with magnetic rotor technology
- AmHydro fill/drain and overflow fitting kit – the industry standard – including vinyl fill/drain tubing
- 30 gallon reservoir constructed of UV stabilized, vacuum formed ABS plastic (no seems, no cracking)
- 1-year warranty on trays and 180 day warranty on pump
